Join us at an Open Enrollment event (see [page 10](#)) to ask questions about your benefit options or receive help with enrollment.

WHAT'S NEW?

Increase to Premium Threshold for Spouse/OEI Health Coverage

To enroll your spouse/other eligible individual (OEI) in MSU coverage, **your spouse/OEI must enroll in health care coverage through their own current or former employer (if applicable) if the annual employee premium cost for single-person coverage is \$1,850 or less.**

You may still cover your spouse/OEI on your MSU health coverage as a secondary plan. Please review the FAQs at hr.msu.edu/open-enrollment/faq.html for more information.

Spouse/OEI Affidavit No Longer Required

You no longer need to complete the spouse/OEI affidavit in the EBS Portal to continue coverage for your spouse/OEI. If you currently cover a spouse/OEI on your health care plan, their coverage will automatically continue in 2026 without any action.

However, the spouse/OEI premium threshold requirement still applies. Please read the previous requirement (Increase to Premium Threshold for Spouse/OEI Health Coverage).

Increase to Some Health Care Copays and Deductibles

For the Blue Care Network (BCN) and BlueCard Out-of-State plans, the annual deductible will increase. Copays for doctor's office and urgent care visits will increase for BCN, BlueCard Out-of-State, and Community Blue PPO plans. There are no changes to health care costs for the Consumer Driven Health Plan. For more details and to review new health care costs, please see the health plan coverage information starting on [page 12](#).

Increase to Some Prescription Copays

Prescription copays will increase for all medications except preferred drugs. Review prescription coverage details and new copays on [page 24](#).

Increase to Employee Life Premiums

Monthly premiums for voluntary employee life insurance will increase. Premiums for voluntary spouse/OEI and child life insurance remains the same. Review the new premiums on [page 29](#).

Increase to Voluntary Vision Premiums

Monthly premiums for the voluntary vision insurance **premium plan** will increase. Find directions to view the new premiums and review voluntary benefits information on [page 34](#).

Plan Enhancements for Voluntary Legal Insurance

Plan enhancements for voluntary legal insurance will be available starting in 2026. Find directions to view voluntary benefits information on [page 34](#).

New Coverage Options for Voluntary Critical Illness Insurance

Additional critical illness coverage options for \$40,000 and \$50,000 will be available starting in 2026. Find directions to view voluntary benefits information on [page 34](#).

Introducing a New Pet Discount Plan

In addition to the existing pet insurance option offered through Nationwide, we are pleased to provide a new pet discount plan. Pet Benefit Solutions offers instant savings on pet

prescriptions, products, and in-house medical services at any network vet, as well as additional benefits. There are no exclusions for age, breed, or pre-existing conditions. Review voluntary benefit information on [page 34](#).

Introducing a New Accident Insurance Option

Accident insurance through Prudential is a new voluntary benefit option that pays you a lump-sum after a covered incident,

such as a fracture or concussion. Please note this new benefit is different from accidental death and dismemberment (AD&D) insurance and critical illness insurance. Review voluntary benefit information on [page 34](#).

New Flexible Spending Account (FSA) Limits

The IRS places limits on the amount an individual or family can contribute to an FSA each year. For the 2026 plan year, the Health Care FSA limit will increase

to \$3,300 per individual. The Dependent Care FSA limit will increase to \$7,500 per household.

Reminder: If you want to participate in an FSA, you must enroll or re-enroll each year. Eligible employees can enroll in two different types of FSAs: Dependent Care FSA and/or Health Care FSA. Before you enroll, make sure you know the difference between the two options. Learn more on [page 32](#).

REMINDERS

Review Your Voluntary Benefit Options

Some voluntary benefits—like accident, critical illness, legal, and vision insurance—require you to enroll in, make changes, or cancel during the Open Enrollment period. If you are already enrolled in a plan, your enrollment will continue automatically unless you cancel. Learn more on [page 34](#).

Qualifying Life Event

During Open Enrollment you make important decisions that impact the upcoming plan year. After October 31, you will not be able to make changes to your benefits.

This means you may not enroll in, change, or cancel health, dental, life, accidental death and dismemberment, vision, legal,

accident, or critical illness insurance for you or your dependent(s), or enroll or re-enroll in a flexible spending account.

Outside of Open Enrollment, changes can be made to your benefits if you experience a qualifying life event (QLE), including marriage, childbirth/adoption, loss of existing coverage for you and your family members, or retirement. Changes must be made within 30 days of the qualifying event. Learn more at hr.msu.edu/benefits/life-change.

Retirement Programs

You may make changes to your retirement contributions at any time throughout the year. However, it is a good idea to

review your retirement options at least annually to ensure that all benefits offered are aligned for the new year. Learn more about available programs on [page 39](#).

Summary of Benefits and Coverage (SBC)

The Affordable Care Act (ACA) requires health plans and employers who provide self-insured plans to share comparative information to consumers on health plan options. Find SBC documents for the health plan options at hr.msu.edu/benefits/summaries/sbc/.

Glossary of Terms

Allowed Amount: Maximum amount on which payment is based for covered health care services. If your provider charges more than the allowed amount, you may have to pay the difference.

Coordination of Benefits (COB): A provision to help avoid claims payment delays and duplication of benefits when a person is covered by two or more plans providing benefits or services for medical, dental, or other care/treatment. One plan becomes the “primary” plan and the other becomes the “secondary” plan. This establishes an order in which the plans pay their benefits.

Coinsurance: Your share of the costs of a covered health care service, calculated as a percent of the allowed amount for the service. You pay coinsurance plus any deductibles you owe.

Copay: A fixed amount you pay for a covered health care service, usually when you receive the service. The amount can vary by the type of service.

Deductible: A set dollar amount that you must pay out-of-pocket toward certain health care services before insurance starts to pay. Deductibles run on a calendar-year basis.

Durable Medical Equipment (DME): Equipment and supplies ordered by the health care provider for everyday or extended use. Coverage for DME may include oxygen equipment, wheelchairs, crutches, or blood testing strips for diabetics.

In-network: Refers to the use of health care professionals who participate in the health plan’s provider and hospital network.

Out-of-network: Refers to the use of health care professionals who are not contracted with the health insurance plan.

Out-of-pocket Maximum(s): The highest amount you are required to pay for covered services. Once you reach the out-of-pocket maximum(s), the plan pays 100% of expenses for covered services.

Premium: The amount that must be paid for your health insurance or plan. You or your employer usually pay it monthly, quarterly, or yearly.

Prior Authorization: A decision by your health insurer or plan that a health care service, treatment plan, prescription drug, or durable medical equipment is medically necessary. It is sometimes called preauthorization, prior approval, or precertification. Your health insurance or plan may require prior authorization for certain services before you receive them, except in an emergency. Prior authorization isn’t a promise your health insurance or plan will cover the cost.

Referral: Specific directions or instructions from your primary care physician that direct a member to a participating health care professional for medically necessary care. A referral may be written or electronic.

Guidance for Remote/ Hybrid Employees

Please confirm your provider participates before enrolling.

Employees who Work at MSU with a Spouse/OEI

MSU only allows coverage under one health care plan per eligible employee. You have two options if you and your spouse/OEI both work at MSU:

- ▶ You can both have your own plans **OR**
- ▶ You can have one plan with one of you listed as a dependent.

You may wish to cover the entire family on one plan to reduce your employee premium contributions. Child dependents can only be listed on one employee health plan.

Health Plan Waiver

If you are covered by another health plan that adequately meets your health care needs you may want to consider waiving your MSU health coverage.

Individuals who waive coverage will receive **up to \$600** per year. Payments for the previous plan year occur in February. If you enroll in the waiver for the 2026 plan year, you will receive your payment in February 2027.

Enrollment is not automatic, you must enroll online for the waiver during Open Enrollment.

Please Note: If you and your spouse/OEI both work at MSU, you are not eligible for the waiver option. Find more waiver information at hr.msu.edu/benefits/healthcare/waiver.html.

Child Dependent Age Criteria

Children (biological, step, or adopted) are eligible through the end of the calendar year they turn 26. Non-adopted grandchildren, nieces, nephews, or wards through legal guardianship are eligible through the end of the calendar year they turn 23. You will receive an email from MSU Human Resources with options to continue coverage for children once they age out of coverage.

Please submit the offline enrollment form at hr.msu.edu/open-enrollment/documents/OE-Offline-Enrollment-Form.pdf to MSU Human Resources. Harrison Rd., East Lansing, 48823, or mail the form to this address.
Coverage	<p>The CDHP is a Preferred Provider Organization (PPO), which gives you the flexibility to manage your own care. There is a worldwide network of participating PPO physicians and hospitals. If you do not anticipate having high health care needs and are looking for a sound strategy to save for your retirement health care, this plan may be the most cost-effective option.</p> <p>While you pay a deductible first before the plan pays medical and prescription benefits, preventative care and certain generic medications for chronic conditions (asthma, cholesterol, diabetes, and anti-hypertensives) are 100% covered with no deductible or copay when using an in-network provider. See the Health Plan Coverage Chart on page 17 for more details. You may find that most of your annual medical costs are 100% covered.</p>
Deductible	<p>The in-network deductible is \$2,000/individual and \$4,000/family.</p> <p>The out-of-network deductible is \$4,000/individual and \$8,000/family.</p>

HEALTH SAVINGS ACCOUNT (HSA) OVERVIEW

Coverage	<p>When enrolling in the CDHP, you must enroll in the HSA at the same time. MSU contributes up to \$750 to the HSA each year (prorated based on employment percentage) and you may add funds tax-free. If you do not enroll during Open Enrollment, you will lose MSU's contribution. Use your HSA funds to pay for any eligible medical expenses or doctor visits you incur. Employer and employee combined annual HSA contributions are limited to the IRS limits of \$4,400/single and \$8,750/family. These contributions are triple tax-free! You make contributions pre-tax, your account balance earns interest tax-free, and your distributions are tax-free if they are used for eligible medical expenses.</p> <p>Please Note: Due to IRS regulations, you are unable to enroll in the HSA offered with the CDHP if you participate or have a balance in a Health Care FSA. If you have an existing HSA from a previous employer you can add those funds into your new HSA. Money in the HSA is yours to take with you, even if you leave MSU for a different employer or retire. In fact, investing in your HSA now to use in your retirement is a sound strategy to fund your medical expenses in retirement.</p>
Questions	For questions about the CDHP, visit bcbsm.com or call 888-288-1726. For questions about the HSA, contact HealthEquity at 877-219-4506.

All other specialty drugs have a **\$100** copay.

Employees Enrolled in the CDHP with HSA Plan:

Those enrolled in the CDHP with HSA have different prescription benefits (see [page 15](#) for eligibility information). Prescription drug costs under this plan are subject to plan deductible and coinsurance, and then the total cost is covered after you reach the out-of-pocket maximum. This means that you pay 100% of prescription costs until you reach the deductible. Once the deductible is met, the plan covers 80% of the costs while you pay 20% coinsurance. Once the out-of-pocket maximum is reached, prescriptions are 100% covered for the remainder of the plan year.

Certain preventative generic prescription drugs for chronic conditions (asthma, cholesterol, diabetes, and anti-hypertensives) are 100% covered without a deductible or coinsurance.

Be sure to enroll in the HSA during Open Enrollment when you enroll in the CDHP to receive MSU's HSA contribution of **up to \$750** (prorated based on employment percentage). You can use this money to pay for eligible medical and prescription costs.

Dental Plan Summary

MSU offers the Delta Dental Base Plan and Delta Dental Premium Plan to all benefits-eligible employees and either Aetna DMO or Aetna Premium DMO depending on your union affiliation (see chart on [page 28](#)).

Aetna DMO and Aetna Premium DMO

Enrollees select a participating primary care dentist in a Dental Maintenance Organization (DMO) like Aetna DMO and Aetna Premium DMO. Their primary dental care is provided by only that dentist and at locations participating in the plan. Although the choice of providers is more limited, it tends to cover a greater range of services at lower copays and does not have an annual maximum.

If you plan to enroll in Aetna DMO or Aetna Premium DMO, please verify that the dentist you want to use accepts “Aetna DMO” rather than just “Aetna” to avoid rejected claims.

Aetna Enrollment Guidance

Eligibility for Aetna is determined by where you live. Please contact Aetna directly to confirm your eligibility to enroll in this plan based on your state and zip code. **Please note that some areas within Michigan are not eligible for coverage through Aetna.**

Delta Dental Base Plan

This plan typically allows more freedom in selecting service providers and services performed. This coverage includes a 50% copay on all services, \$600 annual maximum, and \$600 lifetime orthodontic maximum for children up to age 19. Delta Dental offers hundreds of participating providers and allows you to seek care from both participating and non-participating providers. However, you may incur additional costs if you use a non-participating provider. Contact Delta Dental for information on participating providers.

Delta Dental Premium Plan

This plan offers additional services such as sealants and adult orthodontics. It has a higher level of coverage for many dental services, including 100% coverage for diagnostic and preventative services, a \$2,000 annual maximum, and a \$2,000 lifetime orthodontic maximum. Additionally, diagnostic and preventative services do not apply to the annual maximum.

Review Definitions

Please review these definitions before you enroll in a dental plan:

- ▶ **Annual Maximum:** The maximum amount the dental plan will cover in a **benefit year**. Once you reach this amount, you are responsible for 100% of the cost.
- ▶ **Lifetime Maximum:** The maximum amount your plan will ever pay for specific dental services. Once you reach this amount, you are responsible for 100% of the cost.

Life Insurance

MSU offers optional, employee-paid life insurance to all regular full- and part-time (50% or more) employees, as well as to your spouse/other eligible individual (OEI), and dependent children. You do not need to be enrolled to add your children or spouse/OEI.

Life insurance is offered at 1 to 10 times your annual salary. There are various levels of coverage for your spouse/OEI and children. You must provide evidence of insurability (EOI) when enrolling or increasing your coverage for yourself or your spouse/OEI. EOI is not required for children. MSU will contact you via your MSU email with instructions on how to submit your EOI to Prudential. Please see Dependent Age Criteria on [page 30](#).

How Much Does Optional Life Insurance Cost?

Use the charts and formulas below and on the following page to calculate the monthly cost for you, your spouse/OEI, or your children. Rates are also calculated in the EBS Portal as you go through Open Enrollment. Rates will change on the date you enter a new age bracket or if your salary changes.

Step One – determine the following:

- ▶ Your salary, rounded to the next higher dollar.
- ▶ Your rate (see Chart A).
- ▶ Your benefit level. Choose from 1–10 times your salary, up to a maximum of \$2,000,000.

Step Two – use the following formula and your answers from step one to calculate monthly cost:

$$\text{Salary} \times \text{Rate} \times \text{Benefit Level} \div 1,000 = \$___ / \text{month}$$

Example

- ▶ Salary = \$50,000
- ▶ Age = 25, so rate = \$0.032 (according to Chart A).
- ▶ Benefit level chosen = 5 x salary

$$\text{\$50,000 (salary)} \times \text{\$0.032 (rate)} \times \text{5 (benefit level)} \div \text{1,000} = \$8.00 / \text{month}$$

Chart A. Employee Rates Per \$1,000 of Coverage by Age

Age	Rate
<25	\$0.028
25-29	\$0.032
30-34	\$0.044

55-59	\$0.240
60-64	\$0.370
65-69	\$0.708
70+	\$1.148

Spouse/OEI Life Insurance Cost

Step One – determine the following:

- ▶ Spouse/OEI coverage level. Choose from options in Chart B.
- ▶ Spouse/OEI rate (**use age of employee, NOT spouse/OEI**; see Chart C).

Step Two – use the following formula and your answers from step one to calculate monthly cost:

$$\text{Spouse/OEI Coverage Level} \times \text{Rate} \div 1,000 = \$___\text{/month}$$

Example

- ▶ Coverage Level: \$10,000
 - ▶ Age 25, so rate: \$0.040 (according to Chart C).
- $$\text{\$10,000 (coverage level)} \times \text{\$0.040 (rate)} \div 1,000 = \$0.40\text{/month}$$

Step One – determine the following:

- ▶ Child coverage level. Choose from options in Chart D.

Step Two – use the following formula and your answers from step one to calculate monthly cost:

$$\text{Child Coverage Level} \times \$0.083 \div 1,000 = \$___\text{/month}$$

Example

- ▶ Coverage Level: \$10,000
- $$\text{\$10,000 (coverage level)} \times \$0.083 \text{ (rate)} \div 1,000 = \$0.83\text{/month}$$

Child Dependent Age Criteria

Dependent children enrolled in Life or AD&D insurance are eligible through the end of the calendar year the child turns 23 with no restrictions such as student enrollment or IRS dependency.

It is your responsibility to cancel coverage when dependent children no longer qualify in order to stop premium deductions.

Children who become incapacitated before the age limit may be eligible to continue coverage after the age limit if (1) the child is mentally and/or physically incapable of earning a living, (2) Prudential has received proof of incapacity within 31 days, AND (3) the child otherwise meets the definition of a Qualified Dependent. If the child becomes incapacitated after the age limit, they will not be able to continue coverage.

AD&D Insurance

Accidental Death and Dismemberment (AD&D) insurance through Prudential provides various amounts of coverage for accidental death, dismemberment, or loss of sight, whether in the course of business or pleasure. AD&D insurance is optional and paid directly by the employee via payroll deduction. Optional family coverage is also offered. This is available to regular full-time and part-time (50% or more) employees, your spouse/other eligible individual (OEI), and dependent children.

You can enroll in AD&D coverage at 1 to 10 times your annual salary. Benefit levels vary by type of insurance selected (employee-only or family) and the extent of the injury. Evidence of insurability (EOI) is not required. Benefit amounts for your spouse/OEI and children are based on a percentage of your benefit amount. Please see Child Dependent Age Criteria on [page 30](#).

How Much Does Optional AD&D Insurance Cost?

Use the chart and formula below to find the cost of insurance for you, your spouse/OEI, and your children. Rates are also calculated in the EBS Portal as you go through Open Enrollment. Rates are subject to change.

Flexible Spending Accounts

A flexible spending account (FSA) allows you to set aside pre-tax money from your paycheck to pay for eligible expenses, which saves you an average of 30% on necessary items and services.

We all spend money on medical expenses such as prescriptions, doctor visits, dental work, or over-the-counter items like bandages. Many of us also spend thousands each year on

child care. Using money from an FSA to pay for these everyday household items and services is a sound money-saving strategy.

MSU's FSA provider is HealthEquity, and they offer eligible employees two FSA options: Health Care and Dependent Care. You may enroll in one or both options.

Before enrolling in an FSA, please thoroughly review the

information on these pages. The IRS requires you to forfeit any unused funds at the end of the grace period, so it's essential to understand the difference between the two options and plan your expenses for the year accordingly.

Due to IRS regulations, you may not enroll in a Health Care FSA if you enroll in the Health Savings Account offered with the Consumer Driven Health Plan.

BEFORE YOU ENROLL: Know the Difference

Health Care FSA

Use money from your Health Care FSA on eligible medical expenses for you and your dependents.

Eligible Expense Examples

- ▶ Medical or dental deductibles and copays
- ▶ Eyeglasses or contacts
- ▶ Hearing aids
- ▶ Pain relievers and much more!

Annual Contribution Maximums

An individual may contribute up to **\$3,300**. If both you and your spouse/OEI have a Health Care FSA, you each may contribute up to **\$3,300**.

Fund Availability

Your full annual election amount is available to use starting on the first day of the plan year (Jan. 1).

Reimbursement Options

A Health Care FSA debit card is available for some expenses, like prescriptions and office visit copays. You may be required to submit receipts with your reimbursement request.

Dependent Care FSA

Use money from your Dependent Care FSA on eligible child and dependent care expenses.

This does NOT include dependent health care expenses.

Eligible Expense Examples

- ▶ Child or adult daycare
- ▶ Preschool
- ▶ Summer day camp
- ▶ Before/after school programs

Annual Contribution Maximums

A household may contribute up to **\$7,500**. If you and your spouse/OEI both have a Dependent Care FSA, combined household contributions cannot exceed **\$7,500** at MSU or another employer.

Fund Availability

Limited to the amount you have contributed through payroll deductions at the time of your reimbursement request.

Reimbursement Options

Submit receipts with your reimbursement request.

How FSAs Work

When you enroll, you will confirm your contribution amount for the 2026 plan year. Your contributions are deducted from your paycheck and will not be taxed. Find the maximum contribution amounts on the previous page.

Carefully estimate the eligible expenses you are likely to incur in 2026. The IRS mandates you forfeit unused funds, so you must plan to match your FSA contributions to the amount you are likely to spend. Please review important deadlines for using your funds and submitting claims:

2025 Plan Year Deadlines

Use Funds	March 15, 2026
Submit Claims	April 30, 2026

2026 Plan Year Deadlines

Use Funds	March 15, 2027
Submit Claims	April 30, 2027

Reimbursement

You will fill out a reimbursement request when you pay for an eligible expense. You'll submit receipts for the expense with the request and then be reimbursed for those expenses with the tax-free dollars from your account(s). You can pay directly with your Health Care FSA debit card for some expenses, like prescriptions and office visit copays.

Health Care FSA Tips

Please keep all of your receipts for eligible expenses. IRS rules require FSA administrators to substantiate the eligibility of all items and services, including

those transactions using Health Care FSA debit cards. Some expenses, like doctor visits or prescription drug copays, can be automatically substantiated because copays are predictable amounts from medical providers.

HealthEquity may ask you to send in supporting documentation for a card transaction. Acceptable documentation contains the following five pieces of information:

- ▶ Date of Service
- ▶ Description of Service (such as copay)
- ▶ Patient Name
- ▶ Provider's Name
- ▶ Amount of Transaction

An Explanation of Benefits contains all five pieces of information and is available from your insurance administrator if you used insurance for your card transaction.

Due to IRS regulations, Health Care FSAs are incompatible with Health Savings Accounts (HSA). You may not participate in a Health Care FSA if you enroll in the HSA offered with the Consumer Driven Health Plan. Also, if your spouse's health plan has an HSA and you enroll in a Health Care FSA, you may have IRS compatibility issues. Please review the FSA FAQs on the HR website to learn more about IRS regulations.

You may want to visit the FSA Store at [FSAStore.com](https://www.FSAStore.com) to buy your eligible expenses online – everything on the website is a guaranteed health care FSA eligible expense.

Important Notices About Your Health Care Rights

MSU HR is pleased to provide you with this resource to help you learn about or re-familiarize yourself with various regulations intended to safeguard your health care rights. Included in this publication you will find health care notices regarding:

- A notice of privacy practices: how medical information about you can be used and disclosed and how you can access this information.
- Information about Medicaid and the Children's Health Insurance Program.
- Information about the Women's Health and Cancer Rights Act of 1998.

HIPAA: Notice of Privacy Practices Michigan State University Health Plans

EFFECTIVE DATE

This Notice is effective January 1, 2013.

PURPOSE

This notice describes how your medical information may be used and disclosed and how you can get access to this information. Please review it carefully.

The Michigan State University Health Plans (collectively referenced in this notice as the "Plan") are regulated by numerous federal and state laws.

The Health Insurance Portability and Accountability Act (HIPAA) identifies protected health information (PHI) and requires that the Plan, with Michigan State University and the Plan administrator(s) and insurer(s) maintain a privacy policy and that it provides you with this notice of the Plan's legal duties and privacy practices. This notice provides information about the ways your medical information may be used and disclosed by the Plan and how you may access your health information.

PHI means individually identifiable health information that is created or received by the Plan that relates to your past, present or future physical or mental health or condition; the provision of health care to you; or the past, present or future payment for the provision of health care to you; and that identifies you or for which there is a reasonable basis to believe the information can be used to identify you. If state law provides privacy protections that are more stringent than those provided by federal law, the Plan will maintain your PHI in accordance with the more stringent state law standard.

In general, the Plan receives and maintains health information only as needed for claims or Plan administration. The primary source of your health information continues to be the healthcare provider (for example, your doctor, dentist or hospital) that created the records. Most health plans are administered by a third party administrator (TPA) or insurer, and Michigan State University, the Plan sponsor, does not have access to the PHI.

The Plan is required to operate in accordance with the terms of this notice. The Plan reserves the right to change the terms of this notice. If there is any material change to the uses or disclosures, your rights, or the Plan's legal duties or privacy practices, the notice will be revised and you'll receive a copy. The new provisions will apply to all PHI maintained by the Plan, including information that existed prior to revision.

USES AND DISCLOSURES PERMITTED WITHOUT YOUR AUTHORIZATION OR CONSENT

The Plan is permitted to use or disclose PHI without your consent or authorization in

order to carry out treatment, payment or healthcare operations. Information about treatment involves the care and services you receive from a healthcare provider. For example, the Plan may use information about the treatment of a medical condition by a doctor or hospital to make sure the Plan is well run, administered properly and does not waste money. Information about payment may involve activities to verify coverage, eligibility, or claims management. Information concerning healthcare operations may be used to project future healthcare costs or audit the accuracy of claims processing functions.

The Plan may also use your PHI to undertake underwriting, premium rating and other insurance activities related to changing TPA contracts or health benefits. However, federal law prohibits the Plan from using or disclosing PHI that is genetic information for underwriting purposes which include eligibility determination, calculating premiums, the application of pre-existing conditions, exclusions and any other activities related to the creation, renewal, or replacement of a TPA contract or health benefit.

The Plan may disclose health information to the University if the information is needed to carry out administrative functions of the Plan. In certain cases, the Plan or TPA may disclose your PHI to specific employees of the University who assist in the administration of the Plan. Before your PHI can be used by or disclosed to these employees, the University must take certain steps to separate the work of these employees from the rest of the workforce so that the University cannot use your PHI for employment-related purposes or to administer other benefit plans. For example, a designated employee may have the need to contact a TPA to verify coverage status or to investigate a claim without your specific authorization.

The Plan may disclose information to the University that summarizes the claims experience of Plan participants as a group, but without identifying specific individuals, to get a new TPA contract, or to change the Plan. For example, if the University wants to consider adding or changing an organ transplant benefit, it may receive this summary health information to assess the cost of that benefit.

The Plan may also use or disclose your PHI for any purpose required by law, such as responding to a court order, subpoena, warrant, summons, or similar process authorized under state or federal law; to identify or locate a suspect, fugitive, material witness, or similar person; to provide information about the victim of a crime if, under certain limited circumstances, the Plan is unable to obtain the person's agreement; to report a death we believe may be the result of criminal conduct; to report criminal conduct at the University; to coroners or medical examiners; in emergency circumstances to report a crime, the location of the crime or victims, or the identity, description, or location of the person who committed the crime; to authorized federal officials for intelligence, counterintelligence, and other national security authorized by law; and, to authorized federal officials so

Women's Health and Cancer Rights Act of 1998

- All stages of reconstruction of the breast on which the mastectomy has been performed;
- Surgery and reconstruction of the other breast for symmetrical appearance; and
- Prosthesis and treatment of physical complications in all stages of mastectomy, including lymphedemas, in a manner determined in consultation with the attending physician and the patient. Such coverage may be subject to annual deductibles and coinsurance provisions as may be deemed appropriate and are consistent with those established for other benefits under the plan or coverage.

If you have any additional questions, please contact your health plan administrator.

they may conduct special investigations or provide protection to the President, other authorized persons, or foreign heads of state.

The Plan may disclose medical information about you for public health activities. These activities generally include licensing and certification carried out by public health authorities; prevention or control of disease, injury, or disability; reports of births and deaths; reports of child abuse or neglect; notifications to people who may have been exposed to a disease or may be at risk for contracting or spreading a disease or condition; organ or tissue donation; and notifications to appropriate government authorities if we believe a patient has been the victim of abuse, neglect, or domestic violence. The Plan will make this disclosure when required by law, or if you agree to the disclosure or when authorized by law and the disclosure is necessary to prevent serious harm.

Uses and disclosures other than those listed will be made only with your written authorization. Types of uses and disclosures requiring authorization include use or disclosure of psychotherapy notes (with limited exceptions to include certain treatment, payment or healthcare operations); use or disclosure for marketing purposes (with limited exceptions); and disclosure in exchange for remuneration on behalf of the recipient of your protected health information.

You should be aware that the Plan is not responsible for any further disclosures made by the party to whom you authorize the release of your PHI. If you provide the Plan with authorization to use or disclose your PHI, you may revoke that authorization, in writing, at any time. If you revoke your authorization, the Plan will no longer use or disclose your PHI for the reasons covered by your written authorization.

Your Rights

You have the following rights with respect to your protected health information:

RIGHT TO INSPECT AND COPY

You have the right to inspect and copy certain protected health information that may be used to make decisions about your health care benefits. To inspect and copy your protected health information, you must submit your request in writing to Michigan State University Human Resources. If you request a copy of the information, the Plan may charge a reasonable fee for the costs of copying, mailing, or other supplies associated with your request.

The Plan may deny your request to inspect and copy in certain very limited circumstances. If you are denied access to your medical information, you may request that the denial be reviewed by submitting a written request to Michigan State University Human Resources.

RIGHT TO AMEND

If you feel that the protected health information the Plan has about you is incorrect or incomplete, you may ask it to amend the information. You may

request an amendment for as long as the information is kept by or for the Plan.

To request an amendment, your request must be made in writing and submitted to Michigan State University Human Resources. In addition, you must provide a reason that supports your request.

The Plan may deny your request for an amendment if it is not in writing or does not include a reason to support the request. In addition, the plan may deny your request if you ask it to amend information that is not part of the medical information kept by or for the Plan; was not created by the Plan, unless the person or entity that created the information is no longer available to make the amendment; is not part of the information that you would be permitted to inspect and copy or is already accurate and complete.

If your request is denied, you have the right to file a statement of disagreement. Any future disclosures of the disputed information will include your statement.

RIGHT TO AN ACCOUNTING OF DISCLOSURES

You have the right to request an "accounting" of certain disclosures of your protected health information. The accounting will not include (1) disclosures for purposes of treatment, payment, or health care operations; (2) disclosures made to you; (3) disclosures made pursuant to your authorization; (4) disclosures made to friends or family in your presence or because of an emergency; (5) disclosures for national security purposes; and (6) disclosures incidental to otherwise permissible disclosures.

To request this list or accounting of disclosures, you must submit your request in writing to Michigan State University Human Resources. Your request must state a time period of not longer than six years and may not include dates before April 14, 2003. Your request should indicate in what form you want the list (for example, paper or electronic). The first list you request within a 12-month period will be provided free of charge. For additional lists, the Plan may charge you for the costs of providing the list. You will be notified of the cost involved and you may choose to withdraw or modify your request at that time before any costs are incurred.

RIGHT TO REQUEST RESTRICTIONS

You have the right to request a restriction or limitation on your protected health information that is used or disclosed for treatment, payment, or health care operations. You also have the right to request a limit on your protected health information that is disclosed to someone who is involved in your care or the payment for your care, such as a family member or friend. For example, you could ask that the Plan not use or disclose information about a surgery that you had.

Except as provided in the next paragraph, the Plan is not required to agree to your request. However, if it does agree to the request, it will honor the restriction until you revoke it or the Plan notifies you.

Effective February 17, 2010 (or such

other date specified as the effective date under applicable law), the Plan will comply with any restriction request if: (1) except as otherwise required by law, the disclosure is to the health plan for purposes of carrying out payment or health care operations (and is not for purposes of carrying out treatment); and (2) the protected health information pertains solely to a health care item or service for which the health care provider involved has been paid out-of-pocket in full.

To request restrictions, you must make your request in writing to Michigan State University Human Resources. In your request, you must tell the Plan (1) what information you want to limit; (2) whether you want to limit the use, disclosure, or both; and (3) to whom you want the limits to apply—for example, disclosures to your spouse.

RIGHT TO REQUEST CONFIDENTIAL COMMUNICATIONS

You have the right to request that you receive communications about medical matters in a certain way or at a certain location. For example, you can ask that you are only contacted at work or by mail.

To request confidential communications, you must make your request in writing to Michigan State University Human Resources. You will not be asked the reason for your request. Your request must specify how or where you wish to be contacted. The Plan will accommodate all reasonable requests if you clearly provide information that the disclosure of all or part of your protected information could endanger you.

RIGHT TO BE NOTIFIED OF A BREACH

You have the right to be notified in the event that the Plan (or a Business Associate) discover a breach of unsecured protected health information.

RIGHT TO OBTAIN A PAPER COPY OF THIS NOTICE

You have the right to a paper copy of this Notice of Privacy Practices at any time. Even if you have agreed to receive this notice electronically, you are still entitled to a paper copy.

COMPLAINTS

If you believe your privacy rights have been violated, you may file a complaint with the Plan or with the Secretary of the U.S. Department of Health and Human Services. Michigan State University Human Resources can provide you with the address upon request.

Premium Assistance Under Medicaid and the Children's Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available. If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial 1-877-KIDS NOW or insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan. If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance. If you have questions about enrolling in your employer plan, contact the Department of Labor at askebsa.dol.gov or call 1-866-444-EBSA (3272).

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of January 31, 2024. Contact your State for more information on eligibility.
