Important Questions	Answers		Why This Matters:
	In-Network	Out-of-Network	
What is the overall deductible ?	\$0	\$250 Individual / \$500 Family	See the Common Medical Events chart below for your costs for services this plan covers. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible .
Are there services covered before you meet your deductible ?	Yes		This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	No		You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan ?	\$2,000 Individual / \$4,000 Family	\$2,250 Individual / \$4,500 Family Plus deductible	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit ?	Premiums, balance-billed charges, any pharmacy penalty and health care this plan doesn't cover.		Prescription plan has a separate out-of-pocket limit: \$1,000 individual / \$2,000 family Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider ?	Yes. For a list of in-network providers, see www.bcbsm.com or call the number on the back of your BCBSM ID card.		This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing).
Do you need a referral to see a specialist ?	No		You can see the specialist you choose without a referral .

 All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies. Prior authorization may apply.
