**TAXATION OF OTHER ELIGIBLE INDIVIDUAL BENEFITS
JANUARY 1 - DECEMBER 31, 2021
AFFORDABLE CARE ACT MANDATED EMPLOYEES**

IRS regulations require the University to tax the fair market value of University-provided health and dental benefits for Other Eligible Individuals. The IRS defines fair market value of a fringe benefit as the amount that an individual would have to pay for the fringe benefit in an arm's length transaction. This means what you would have to pay for an individual policy for your Other Eligible Individual(s) in the open market.

Use the chart on the reverse side to determine the taxable amount to you resulting from the addition of an Other Eligible Individual(s) to your health and/or dental coverage. This amount will be added to your taxable gross income.

To estimate the increase in your taxable income and the resulting tax increase, please follow the instructions below:

Add together the monthly taxable amounts for Health and Dental from the chart on the reverse side. This will give you the increase to your taxable gross income. Multiply this by your estimated tax rate from the following chart to determine the approximate monthly tax you will pay for health and dental benefits.

Note: If you live in a municipality with a local tax (e.g. Lansing), you will also need to consider that tax in your calculation.

FEDERAL TAX BRACKET	PLUS: STATE TAX RATE	PLUS: EAST LANSING CITY TAX RATE	PLUS: FICA TAX RATE	TOTAL TAX RATE
12%	4.25%	1%	7.65%	23.9%
22%	4.25%	1%	7.65%	33.9%
24%	4.25%	1%	7.65%	35.9%
