COST SAVER

Helping you save money on your medications

We know that keeping your out-of-pocket costs low is important to you and your family. That's why we've created Caremark® Cost Saver®, powered by GoodRx®, to help you save money on your medications.

How Cost Saver works

Cost Saver helps you get lower costs, when available, on your prescription medications. All you have to do is present your CVS Caremark member ID card when you pick up your prescriptions. We'll manage the rest for you. The program price comparison will occur automatically – no other action required.

Cost Saver, powered by GoodRx, benefits include:

Providing you with lower prices when available for many non-specialty generic drugs

Automatically applying your out-of-pocket costs to your deductible and out-of-pocket thresholds

Delivering you a seamless experience that avoids wasted time shopping around

Your CVS Caremark member ID card is all you need for Cost Saver to work for you. Just show it to your pharmacist and we'll take it from there.
