MSU Health Care

Why You Should Choose an MSU Health Care Medical Provider

OUR SERVICES

Imaging Services
We perform a variety of diagnostic radiology services at state-of-the-art facilities in the Mid-Michigan Area.

Pharmacy Services
We offer specialty medications, free delivery within 30 miles, medication consultation, and vaccines.

Remote Patient Monitoring
A dedicated Care Manager works with you and your provider to ensure you're getting the attention you need.

Private Duty Home Care
From companionship to 24/7 support, we can help you stay well as you age in the home you love.

ABOUT US

MSU Health Care works to improve the health of our Michigan communities through ongoing primary and preventative care within a health system which includes diagnostic and exemplary specialty care.

We care for patients and families with some of the rarest forms of cancer and neurological conditions, along with advanced surgical, pharmaceutical, rehabilitation, physical and occupational therapy, and imaging services.

Visit **healthcare.msu.edu** to learn more.

PATIENT SATISFACTION

80% of our patients report they would "definitely recommend" us to friends and family, which is considered a "World Class" patient satisfaction score by Bain & Company, the founder of Net Promoter Scores.

EASILY COORDINATE YOUR CARE AND SERVICES

We accept all MSU insurance plans and have more than 100 partnerships, such as with Sparrow, McLaren, Spectrum and Henry Ford Health, that allow us to easily coordinate your care and services with other health partners.

NEUROLOGICAL AND SUB-SPECIALTY CARE

Our Neurology & Ophthalmology department provides comprehensive neurological and sub-specialty care for stroke, epilepsy, headaches and migraines, and movement and cognitive disorders.

NON-OPIOID PAIN RELIEF

Our Osteopathic Manipulative Medicine department is the largest practice of its kind in the U.S., offering non-opioid pain relief for conditions from head-to-toe and guiding patients of all ages toward optimal function and wellbeing.
